

and Nordic Resource Management.

DRAFT PROGRAM Feb 1st- 3rd 0900-1600

At the Sámi University of Applied Science

AIM: Science planning and deliveries from Arctic Council EALLU Arctic Indigenous Youth: Traditional Knowledge and Food Culture – Navigation Towards Sustainability through New Approaches for Addressing Arctic Change and Globalization and Working Package 3 in RIEVDAN Traditional and Scientific Knowledge of Food Culture. Two ways of knowing in reindeer husbandry: navigating towards future sustainability. We propose that knowledge about reindeer herders' food culture is essential to the future ability to adapt to these changes in the Arctic and maintain cultural and economic sustainability. A socio-ecological system navigation towards future sustainability during climate change

Chair Svein D Mathiesen RIEVDAN: Traditional knowledge and reindeer herders food system

0900 **Rector Professor Gunvor Guttorm TBC/chair Inger Anita Smuk:** Opening of the meeting

0910 **Professor Nils Oskal:** Introduction to the RIEVDAN project

0920 **Dr Mikhail Pogodaev:** The Even food system – traditional knowledge and reindeer husbandry

0940 **Director Anders Oskal:** Indigenous Youth, Arctic Change & Knowledge of Food Culture, How We Have Thrived on the Margins. Arctic Council Sustainable Development Working Group Report from the EALLU Project in 2015-2017.

1000 **Professor Director Ludmilla Gasillova,** Presentation of ongoing activities related to indigenous peoples food culture at Indigenous Peoples Institute, Herten University, St.Petersburg.

1020 Chief Specialist on Public and Regional Affairs, Neryungrinsky district Administrative Office, **Nadezhda Gerasimova,** The Evenki Reindeer Herders Cook Book.

1040 College student **Marta Okotetto,** Traditional Knowledge and Raw Eating in Nenets Reindeer Herders Food Culture.

1100 Associate Professor **Marina Lublinskaya** and Masters student **Nechei Serotetto.** Invitation to participate in a new research at the Institute of Indigenous Peoples of the North: Comparing Sami and Nenets Terminology and Knowledge about Connection between Slaughtering Techniques and the Quality and Taste of Reindeer Products.

1120 **Researcher Svetlana Avelova,** Traditional Cuisine of Evenki People: Linguo-culturological aspect.

1140 -1240 **Outbreak session: Traditional Knowledge & Science what does this mean?: Food and Language, food and economy, indigenous food systems, food and health food and adaptation (In cooperation with Anders Oskal, Inger Marie G Eira)**

1240 -1340 **JOINT LUNCH WITH CAFF.**

1340 **Phd student Kia K. Hanssen:** *Suovas* in the smoke of the Lavvu: Cultural and experimental study of Sámi traditional smoking practices.

1400 Reindeer herder **Máret Rávdna Buljo** The Sámi Family Meal

1420 **Conclusion from the Group work**

1430 – 1800 **PRACTICAL EXERCISE. Ways of knowing about reindeer herders traditional knowledge about blood sausage production. Slaughtering at the Sámi University of Applied Sciences.**

THURSDAY

0900 University Student **Ellen Bals**, Conservation of Sámi food.

0920 Associate Professor **Svetlana Chernyshova**, Traditional Food Systems of Indigenous Peoples of Chukotka.

0940 Phd Student **Ravdna BME Sara:** Reindeer Herders Perception of Quality of Reindeer Meat

1000 Associate Prof Dr. **Inger Marie G Eira**, Sámi University of Applied Sciences presents her work on science, traditional knowledge and food culture:

1020 Researcher **Alena Gerasimova** The Value of Reindeer Blood and Blood Sausage for Evenki Reindeer Herding Peoples – Examples of Traditional Knowledge.

1040 Gwichin **Jacey Firth Hagen** Local Food and Traditional Knowledge of the Gwich' in, Canada.

1100 Athabaskan **Karrie Brown** Local Food and Traditional Knowledge of the Athabaskan, Canada.

1120 Inuit **Chantal Gruben** Local Food and Traditional Knowledge of the Inuit, Canada.

1140 - 1240 **Outbreak session Traditional Knowledge Science ideas and delivery: Food and Language, food and economy, indigenous food systems, food and health food and adaptation.**

1240 – 1340 **Lunch**

1340 Research **Alena Gerasimova** The Tip of the Reindeer Tongue

1400 Researcher **Anna Degteva:** Indigenous Knowledge and Adaptation to Rapid Change in the Arctic: The case of reindeer slaughtering by Sámi in Norway and Nenets in Russia.

1420 **Conclusion from the Group work**

1500 Selecting pictures for the EALLU report.

1900 Dinner at Thon Hotel

FRIDAY:

0900 - 12000 DEVELOPING THE SCIENCE TK PLAN OF EALLU AND RIEVDAN:
